

RESOLUTION 109(21)

March 17, 2021

WHEREAS, April is known as National Distracted Driver Awareness Month; and

WHEREAS, distracted driving is driving while doing another activity that takes your attention away from driving. Actions that can contribute to distracted driving include eating, drinking, smoking, adjusting the radio, searching for an object in the vehicle, reading, writing and applying makeup, among others; and

WHEREAS, each day in the United States, approximately 9 people are killed and more than 100 injured in crashes that are reported to involve a distracted driver; and

WHEREAS, about 1 in 5 of the people who died in crashes involving a distracted driver in 2018 were not in vehicles—they were walking, riding their bikes, or otherwise outside a vehicle; and

WHEREAS, drivers under the age of 20 have the highest proportion of distraction-related fatal crashes; and

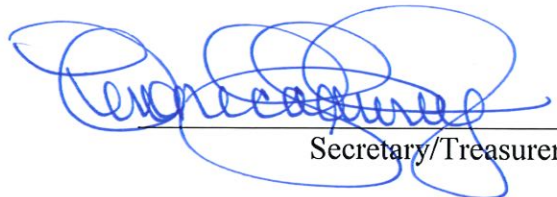

WHEREAS, for drivers 15 to 19 years of age involved in fatal crashes, 21 percent of the distracted drivers were distracted by the use of cell phones; and

WHEREAS, almost 100% of teens agree that texting and driving is dangerous, but half admitted to doing it anyway. It may take only a matter of seconds to glance at your phone, but, if you are driving at 60 miles an hour, your eyes were blind to the road while you drove the length of a football field.

NOW, THEREFORE, BE IT RESOLVED, by the Ocean County Board of Health that the month of April 2021 is hereby declared as National Distracted Drivers Month, and promotes addressing and eliminating distracted driving by educating all residents about the dangers it poses.

BE IT FURTHER RESOLVED that certified copies of this resolution shall be sent to the Ocean County Board of Commissioners.
